

San Jose Arena Authority

San Jose Sports Hall of Fame High School Scholarship Program

School Guidelines for Use of Funds

- I. It is the intent of the San Jose Arena Authority to disburse Sports Hall of Fame High School Scholarship Program funds directly to the Athletic Departments of the high schools of the Outstanding Male and Female High School Athletes who are honored annually by the San Jose Sports Hall of Fame.
- II. The Arena Authority, in consultation with the San Jose Sports Authority, will determine the amounts of the scholarships awarded each year. The total amount awarded will be determined based on the sale of tickets to the annual Sports Hall of Fame event as well as the balance of available funds in the San Jose Sports Hall of Fame High School Scholarship Program account.
- III. Funds given to the schools through the Sports Hall of Fame High School Scholarship Program are to be expended by the schools of the Outstanding Male and Female High School Athletes. The scholarships are to be used solely for the following purposes and only for the sports in which the athlete participated in while attending the school, including:
 - Purchase of athletic equipment
 - Arrangements for travel for competition
 - Improvements to athletic facilities
 - Purchase of uniforms and other required athletic attire
 - Purchase of athletic/academic recognition awards
- IV. Prior to the Arena Authority awarding funds to the school, the school must submit to the Arena Authority a "Plan for Purchase". The Plan for Purchase must include the items to be purchased by the school with associated costs and intended use of items. Please note that the Plan for Purchase must be at least equal to the value of the scholarship. Following the Arena Authority's receipt of the Plan for Purchase, the Arena Authority's Executive Director will review and approve the plan as appropriate.
- V. Once the Plan for Purchase is approved, the Arena Authority recommends that, when appropriate, the school purchase the equipment or applicable plan items identified in the Plan for Purchase. After the school does so, the Arena Authority requests that receipt(s) from the purchase be forwarded to the Arena Authority with any supporting documents as appropriate. Once the receipts have been reviewed and approved by the Arena Authority, a check will be issued to the school for the full amount of the scholarship.

Disbursement of Funds

Following the selection of the outstanding male and female high school athletes, the Arena Authority, in consultation with the Sports Authority, determines and approves a monetary amount to be awarded to the school in the name of the recipient. The disbursement of funds through the Scholarship Program is to be used solely by the high schools of the Outstanding Male and Female Athletes of Santa Clara County selected under the auspices of the San Jose Sports Hall of Fame program. Funds are to be used solely by the athletic department of the school for the benefit of student athletes and the advancement of school athletic programs.

Funds will be disbursed at one time on an annual basis and in the full amount of the award. If a student(s) attending the same high school is selected as the County's Outstanding High School Athlete in consecutive years, the school would receive a scholarship in consecutive years. If both the female and male student athletes are selected from the same school, then two scholarships of equal amounts will be awarded to the school. Scholarship funds are determined and awarded annually to the school in the name of the selected outstanding high school athlete.

All fund disbursements through the program will follow all applicable state laws in relation to contributions made to public and private high schools in California.
